## **Burntsand Signs \$340,000US Contract for Microsoft SharePoint Implementation Services**

**Toronto, ON. November 16, 2009.** Burntsand Inc. (Burntsand) (TSX:BRT), a North American business consulting and technology services company, announced today the signing of a contract for a Microsoft Office SharePoint 2007 implementation totaling \$340,000US. The customer is a university located in the New England area.

Burntsand has been engaged to provide services to implement SharePoint for a set of public facing internet sites. These will leverage the web content management features of SharePoint and serve as a platform for future web properties for the university. Specific features include:

- Creation of a new public website for one of the university's programs;
- Installation and configuration of the infrastructure to support a large scale SharePoint farm; and,
- Support for internationalization, personalization and a robust content publishing workflow.

"We are pleased that Burntsand has been selected by this client for their transformational initiative to establish SharePoint as their core collaboration infrastructure." said Martin L. Glover, Burntsand CEO. "We were selected based upon our deep expertise and experience in SharePoint, our project teams' success in implementing SharePoint in entities affiliated with this customer and our understanding of higher education", added Mr. Glover.
